## **“THE CARAVEL”**

The year is 1990. The tunes are banging, the drinks are cheap. Join us at The Caravel pub, where at one table sits a group of teenage girls, entering adulthood, dealing with the changes within themselves and their friends. Meanwhile, Glasgow’s biggest gangsters are plotting and planning only a table away.

\*DISCLAIMER: “The Caravel” by Milly Sweeney is a work of fiction. Any similarity to individuals living or dead is a complete and utter coincidence...\*
